- o Excellent Communication Skills
- \circ Flexibility
- o Team Player

About Role Statement

Change is inherent in the events environment. For this reason, all staff should be aware that roles may vary from time to time.

About Mother's Day Classic Foundation

Since 1998, Mother's Day Classic Foundation has donated \$44 million to the National Breast Cancer Foundation (NBCF) to fund life-saving breast cancer research. The Mother's Day Classic Foundation is proud to be the largest single donor to the National Breast Cancer Foundation (NBCF). Over the past 26 years, the five-year survival rate for breast cancer has increased from 84% to 91%, largely thanks to generous donations from the Mother's Day Classic community.

In 2024, the Mother's Day Classic is going further and inviting participants to run or walk in support of ovarian cancer research, in addition to breast cancer research, with proceeds to be donated to both the National Breast Cancer Foundation and the Ovarian Cancer Research Foundation.

About Mother's Day Classic

The Mother's Day Classic was founded in 1998 by Women in Super - a national member organisation consisting of women working in the superannuation and related financial services industries. Women in Super supports the organisation of the nationwide event by providing volunteers drawn primarily from the superannuation industry. Since then, the Mother's Day Classic has grown from a walk in the park to an iconic event in the Australian calendar. Every Mother's Day, up to 100,000 Australians walk or run to show support for women diagnosed with breast or ovarian cancer and raise vital funds for research.

(October 2023)
